DISTRICT 69 HISTORY

EXECUTIVE TEAMS

This is a record of the District 69 Executive Teams since the District was formed on the 1st July 1971, beginning with the current year. Russ Walkington was the founding District Governor.

In the beginning, the District was made up of 6 Areas and 26 Clubs and the District leaders were the District Governor, Educational Lt Governor, Administrative Lt Governor, 6 Area Governors, and at times extra Lt Governors to help manage the Areas plus a District Secretary and District Treasurer.

In 1976, the first Historian Ted Burton was appointed, and most subsequent years had historians which has enabled all of these records to be kept intact. Particular mention must go to Clare Murphy who was the District Historian for 14 years and Barrie Fuller for 8 years.

By 1977, the District had grown so much that 3 Divisions were formed and 9 Areas. Lt Division Governors were appointed for each Division. And in 1984, 4 Divisions were formed, & by 1989, 6 Divisions were necessary with 21 Areas.

In 1991, the three District leader titles were changed to District Governor, Lt Governor Education and Training, and Lt Governor Marketing.

In 2015, the District leader titles changed again to be District Director, Program Quality Director, Club Growth Director, with supporting Division Directors and Area Directors.

In our 50th year in 2021, District was comprised of 8 Divisions and 34 Areas. Ancillary roles have expanded considerably over the years to help with the increased workload due to the growth of the District and this is reflected in the year records.

Great care has been taken to ensure these records are correct, however any notification of errors or omissions would be welcomed so that the records can be corrected. Please email

Sue Pinker DTM
District 69 Historian 2023-2
