

Alignment Report 2025

28 March 2025

The following report is the result of consultation with Division Directors and/or appointed division delegates. The delegates were asked to notify any potential clubs in formation or potential club closures. They were also asked to take any recommended changes to the clubs involved so that members could have their say.

Club requests have been taken into consideration when recommending changes. Changes also take into consideration location in respect of other clubs in the division, travel for Area Director visits, Club Officer Training and Area Contests.

The recommended changes have been highlighted as follows:

- Clubs to be moved OUT of an area in Green.
- Clubs to be moved INTO an area in Yellow
- Potential new clubs in Orange
- Suspended clubs in Red.

The following changes are recommended:

- **Central Division**, Bundaberg Simply Speaking to be moved OUT of Area 4 and back INTO Area 10
- **Eastern Division**, Area 33 to be recreated as a new area with Chelmer Speakers moving OUT of Area 26 and INTO Area 33
- Indooroopilly Toastmasters Club, Serendipity Toastmasters Club and Kenmore Toastmasters moved OUT of Area 37 in Moreton Division and INTO Area 33 in Eastern Division.
- **Moreton Division** Area 37 to be retained with HOT Toastmasters and the following clubs. Pines Toastmasters moved OUT of Area 3 and INTO Area 37. Bunya Club to be moved OUT of Area 18 and INTO Area 37. Bracken Ridge Toastmasters and Powerlink to be moved OUT of Area 8 and INTO Area 37.
- **Pacifika Division Director** has provided details of potential new clubs and the area they should join.

Please note that the original suggested changes for Moreton were that Area 37 should be moved. This has been changed in favour of restoring a past Eastern Division Area, 33 and leaving Area 37 in Moreton.

Several clubs have recently been chartered. I am not aware of any more clubs in formation except those in P Division..

Barbara Nielsen, District Alignment Chair 2025
